EP-TeQ A/S

- EP ~ Electronic Production
- TeQ ~ TeQnologies
- Focus: Capital Q ~ Quality tools and machines for Design, Manufacturing and Test of Electronics
- Mission: Bring best products & support to local market
- Strategy: Build on feedback, relationship, thinking ahead
- Vision: Good business for everyone
- Experience: A team with many years in this business
- Founded: 2004
- Offices: Nordic & Baltic countries:
 - Denmark (HQ + Partners)
 - Finland (EP-TeQ Oy + Partners)
 - Sweden (Partners)
 - Norway (Partners)
 - Estonia (EP-TeQ OÜ + Partner)

Know-how from the Industry

Previous employers to the EP-TeQ team:

- ITT / Alcatel Kirk
- Royal Danish Airforce
- LIF (Elektronik / Elektroniikka / Produkter)
- CYNCRONA
- Bang & Olufsen
- Triax
- Nokia
- bb electronics
- HIN
- Assembleon
- Delfi Electronics
- PKC Electronics

LKJ - Test Background – since 1981

- HP MX21/ATLAS, GPIB based functional test solution.
- Factron/Membrain/Schlumberger S700 series In-Circuit and functional test.
- Computest benchtop functional test and emulation.
- Deltest Component test system.
- Schlumberger S600 series Clip test (ICT).
- Temco, ROM emulation.
- Reinhardt functional, ICT and battery test systems.
- Tescon, MDA In-Circuit Analyzer.
- Pico Elektronik, MDA In-Circuit Analyzer.
- Summation functional test and emulation.
- Polar Microprocessor board tester – CPU emulation, static.
- Takaya Flying Probe test
- Antron – CPU Emulation, dynamic.
- Göpel Extended JTAG/Boundary Scan test

Your support in test & inspection

- Knud Vester, SPI, AOI, X-ray, AXI, test fixtures & probes
- Lars Kongsted-Jensen, Test Coverage*, Bscan/ESA*, Flying Probe
- Petri Järvenpää, Local technical sales
- John Mollerup, Logistics
- Telephone: +45 8748 0608
- WEB: www.EP-TeQ.com

Local Partners:

Testonica, EST*
DSE Test Solutions, DK
Syntronic Test Systems, S*
Bass Solutions, FIN*
Espotel, FIN*
CIM Industrial Systems, DK
Mikrokrets, N
More Partners on their way

* Presentations at TestForum 2013

DfT from schematic to production

- **Electrical rules checking automation**
- **Integrated platform for coverage analysis**
- **Support all test strategies**
- **TestPointSaver™ and test program optimization**
